

# Supplemental Label for Impregnation

Guaranteed Analysis

## Mor-Gro™ 4.5% Iron EDTA

Total Nitrogen (N).....6.00%  
    4.0% Ammoniacal Nitrogen  
    2.0 % Other Water Soluble Nitrogen  
Iron (Fe).....4.50%  
    4.5% Chelated Iron  
Plant nutrients derived from Diammonium Iron Ethylenediaminetetraacetate   ((NH<sub>4</sub>)<sub>2</sub> Fe EDTA)

### CAUTION

### KEEP OUT OF REACH OF CHILDREN

In case of contact with eyes and/or skin, immediately flush with plenty of water and seek medical attention. When handling this product, wear suitable gloves, eye protection and protective clothing.

### STORAGE and DISPOSAL

Do not store below 32<sup>o</sup>F. Store out of direct sunlight. Keep in a cool location out of reach of children and livestock. Dispose of empty containers by triple rinsing and discard empty containers in a landfill in accordance with current local, state, and federal regulations.

Manufactured By:  
Moore Ag

Weight per gallon 9.9 lbs (4.49 kg)  
Net Contents: 2.5 gallons (9.46 L)  
Net Weight: 24 lbs 12 oz. (11.23 kg)

## GENERAL RECOMMENDATIONS for DRY FERTILIZER IMPREGNATION

**Mor-Gro 4.5% Fe EDTA** can be used to help correct iron deficiency by impregnation on dry blended granular NPK fertilizer.

Weigh NPK fertilizer blend and transfer into the mixing or blending equipment for impregnation with **Mor-Gro 4.5% Fe EDTA**.

Rate: 1/8 pint to 3 pints per acre. **Mor-Gro 4.5% Fe EDTA** is best used if not diluted with water. Do not exceed a ratio of 1 pint of **Mor-Gro 4.5% Fe EDTA** per 140 pounds of NPK fertilizer per acre. Blend the NPK fertilizer and **Mor-Gro 4.5% Fe EDTA** allowing adequate time for uniform coverage.

Caution: Do not use **Mor-Gro 4.5% Fe EDTA** on fertilizer blends where urea exceeds 60% by weight of the blend.

For use on field crops including but not limited to: alfalfa, almonds, apples, barley, beans, berries, broccoli, cabbage, cauliflower, canola, carrots, celery, citrus, corn, cotton, hops, grapes, lentils, lettuce, milo, mint, onions, peas, pears, peaches, peppers, plums, potatoes, sorghum, soybeans, sugar beets, sweet corn, strawberries, tomatoes, turf, turnips, walnuts, and wheat.

Rate of <b>Mor-Gro 4.5% Fe EDTA</b> per acre	Pounds of iron per acre
1/8 pint	0.007
1/4 pint	0.014
1/2 pint	0.028
3/4 pint	0.043
1 pint	0.057
2 pints	0.154
3 pints	0.167

Can be used in combination with Omni Agri Greensun granular secondary nutrients and granular micronutrients.

### Notice of Warranty

: Moore Agricultural Products warrants that this product conforms to the chemical description on the label thereof and is reasonably fit for the purposes stated on such label only when used in accordance with the directions under normal use conditions. It is impossible to eliminate all risks inherently associated with the use of this product. Crop injury, ineffectiveness, or other unintended consequences may result because of such factors as weather conditions, presence of other materials, or the manner of use which are all beyond the control of Moore Agricultural Products. In no case shall Moore Agricultural Products be liable for consequential, special or indirect damages resulting from the use or handling of this product. All such risks shall be assumed by the buyer.
